Director of Central Intelligence  
Washington 25, D. C.

My dear General Vandenberg:

Your estimates of requirements for the fiscal year 1948 and the information presented by your representatives from the Central Intelligence Group have been given careful analysis. The President has approved the budgets of the Departments of State, War and Navy, which provide a total amount for the Central Intelligence Group of [redacted]. This amount will be furnished by the Departments in the ratio recommended by the CIG Budget Review Board on September 30, 1946.

Members of my staff will communicate to your budget officer the details and texts relating to the above amounts as they are reflected in the various appropriation estimates.

The President has asked me to remind you that the estimates he transmits to Congress reflect the program for the executive branch as a whole and are the only estimates to be supported before congressional committees. A copy of his memorandum is enclosed.

Very truly yours,

MEMORANDUM FOR THE DIRECTOR OF THE BUREAU OF THE BUDGET

I have noticed that on several occasions certain department and agency officials have shown a tendency to seek from Congress larger appropriations than were contemplated in official budget estimates.

The estimates which I transmit to Congress reflect a balanced program for the executive branch as a whole, and each individual estimate is considered in the light of this program, its relationship to other estimates, and the fiscal position of the Government. While agency witnesses before congressional committees must feel free to supply facts in answer to questions of committee members, I cannot condone the practice of seizing upon any opportunity which presents itself to indicate an opinion, either directly or indirectly, that my estimates are insufficient.

When you notify the heads of the various departments and agencies of the amounts to be included in the 1948 Budget for their activities, I wish you would include a reminder that I shall expect them and their subordinates to support only the President's estimates in hearings and discussions with members of Congress.

Attention: Mr. L. A. Meyer, Executive Director and Chief Examiner

Gentlemen:

The operations of the Central Intelligence Group require the utmost security in the National interest. To provide this security it is felt that the classification sheets and documents pertaining to the positions occupied by members of the Central Intelligence Group should be kept in a place that provides more than usual safeguards. These should include control of personnel who have access to the area wherein personnel records are stored, twenty-four hour guard, and control of the individuals who have access to these records.

It is understood that the Civil Service Commission provided an exception to their standard rules (requiring that copies of classification sheets, etc., be retained by the Civil Service Commission) in the case of the Strategic Services Unit. Certain selected personnel of the Strategic Services Unit will be appointed in the Central Intelligence Group and the Strategic Services Unit finally liquidated in accordance with Executive orders. The Central Intelligence Group will perform for all Government agencies services that require as high type security as any previously performed by the Strategic Services Unit. It is also understood that the Strategic Services Unit furnishes individuals from the Civil Service Commission with locked safes, office space, clerical assistance and all other facilities required for the processing of classification sheets and documents. The combination of the safe to be known only to the Civil Service Commission representative and access to the room assigned be limited to these personnel.

In view of the above facts it is requested that you grant the exceptions outlined above to the Central Intelligence Group and further that the facilities presently provided for the Strategic Services Unit be transferred to Central Intelligence Group, Room 2262, New War Department Building, 21st and Virginia Ave., N.W., Washington 25, D.C.

If you approve the arrangements requested above, please indicate by indorsement and return the attached copy of this letter.

Dear Sir:

I have a letter of August 15, 1946, from your Executive Officer for Personnel and Administration, wherein a procedure for auditing payments made by the Chief Disbursing Officer for the Central Intelligence Group is set out, and a "Voucher and Schedule of Payments" is submitted for my approval.

Briefly, the procedure proposed provides that all disbursements will be made through the account of the Chief Disbursing Officer, Treasury Department, and that all original documents will be retained by the Central Intelligence Group for current audit by the General Accounting Office. As security conditions warrant the original documents will be forwarded to the General Accounting Office for filing.

The form "Voucher and Schedule of Payments" is approved as submitted with slight amplification to incorporate in the certificate the appropriation chargeable (see changes on draft). W D Form 43 may be used in lieu of Standard Form No. 1127.

The Honorable  
The Secretary of the Treasury  
Treasury Department  
Washington, D. C.

Attention: Chief, Division of Bookkeeping and Warrants

Sir:

In accordance with the Presidential directive of 22 January 1946, the National Intelligence Authority has, through a series of directives to the Director of Central Intelligence, established over-all policies for foreign intelligence activities related to the national security, and has directed that the Central Intelligence Group engage in certain centralized intelligence activities which are of common interest to the Departments herein concerned. To implement properly the wishes of the President, the National Intelligence Authority has found it necessary to provide the Director of Central Intelligence with administrative and operational facilities which involve expenditure of funds and furnishing of personnel and equipment. These facilities have been supplied in varying proportions by the State Department, War Department, and Navy Department. This threefold method of supply has become so cumbersome as to impair seriously the administration of the Central Intelligence Group, and is becoming an important threat to the security of its operations.

We desire, therefore, under the provisions of Section 214 of the Independent Offices Appropriation Act, 1946, to make available to the Central Intelligence Group, from the appropriations of the three Departments mentioned, amounts authorized by Congress for the support of intelligence activities and such other funds as it is in our discretion to use for this purpose. To administer these funds, it is proposed to establish a special working fund, as provided for in Section 601 of the Act of June 30, 1932 (47 Stat. 417). This fund will be, for record purposes, in the War Department, but, with the approval of the Secretary of War, its administration and fiscal supervision will be solely by officers of the Central Intelligence Group. Upon the establishment of such a working fund, it is proposed, in addition to committing such funds of our respective Departments for administration by the Central Intelligence Group, to delegate to the Director of Central Intelligence or his authorized representatives the necessary authorities for the administration of those funds, for personnel actions, for

procurement of equipment and supplies, and for the certification of vouchers. We are informed that the Bureau of the Budget is in full accord with the establishment of such a working fund.

We therefore request, on behalf of the Departments we represent and in our capacity as members of the National Intelligence Authority, that you establish such a working fund under the provisions of Section 601 of the Act of June 30, 1932 (47 Stat. 417). The Secretary of the Navy.

1. It is my desire, and I hereby direct, that all Federal foreign intelligence activities be planned, developed and coordinated so as to assure the most effective accomplishment of the intelligence mission related to the national security. I hereby designate you, together with another person to be named by me as my personal representative, as the National Intelligence Authority to accomplish this purpose.

2. Within the limits of available appropriations, you shall each from time to time assign persons and facilities from your respective Departments, which persons shall collectively form a Central Intelligence Group and shall, under the direction of a Director of Central Intelligence, assist the National Intelligence Authority. The Director of Central Intelligence shall be designated by me, shall be responsible to the National Intelligence Authority, and shall sit as a non-voting member thereof.

3. Subject to the existing law, and to the direction and control of the National Intelligence Authority, the Director of Central Intelligence shall:

a. Accomplish the correlation and evaluation of intelligence relating to the national security, and the appropriate dissemination within the Government of the resulting strategic and national policy intelligence. In so doing, full use shall be made of the staff and facilities of the intelligence agencies of your Departments.

b. Plan for the coordination of such of the activities of the Intelligence agencies of your Departments as relate to the national security and recommend to the National Intelligence Authority the establishment of such over-all policies and objectives as will assure the most effective accomplishment of the national intelligence mission.

c. Perform, for the benefit of said intelligence agencies, such services of common concern as the National Intelligence Authority determines can be more efficiently accomplished centrally.

d. Perform such other functions and duties related to intelligence affecting the national security as the President and the National Intelligence Authority may from time to time direct.

4. No police, law enforcement or internal security functions shall be exercised under this directive.

5. Such intelligence received by the intelligence agencies of your Departments as may be designated by the National Intelligence Authority shall be freely available to the Director of Central Intelligence for correlation, evaluation or dissemination. To the extent approved by the National Intelligence Authority, the operations of said intelligence agencies shall be open to inspection by the Director of Central Intelligence in connection with planning functions.

6. The existing intelligence agencies of your Departments shall continue to collect, evaluate, correlate and disseminate departmental intelligence.

7. The Director of Central Intelligence shall be advised by an Intelligence Advisory Board consisting of the heads (or their representatives) of the principal military and civilian intelligence agencies of the Government having functions related to national security, as determined by the National Intelligence Authority.

8. Within the scope of existing law and Presidential directives, other departments and agencies of the executive branch of the Federal Government shall furnish such intelligence information relating to the national security as is in their possession, and as the Director of Central Intelligence may from time to time request pursuant to regulations of the National Intelligence Authority.

9. Nothing herein shall be construed to authorize the making of investigations inside the continental limits of the United States and its possessions, except as provided by law and Presidential directives.

10. In the conduct of their activities the National Intelligence Authority and the Director of Central Intelligence shall be responsible for fully protecting intelligence sources and methods.

Sincerely yours,

/s/ Harry Truman
